MA State Building Inspector (retired)

Gene Novak Jr, CBO ***Stormwater Management Principles and Case Studies***. During the course of the presentation, Gene will provide an overview of stormwater management, with a specific focus on rainwater harvesting and storm water runoff mitigation strategies. Specifically, Gene will guide participants through:

- US EPA recommended systems used in water conservation and storm water management;
- A case study of a low-cost, and neighborhood-involved, storm water management program;
- Technologies that control storm water run-off; and
- A case study of a neighborhood development program that saved significant money investment as compared to the cost of conventional roadway and drainage infrastructure.

### Warm Holiday Greetings to Our Metro West Building Officials

As we approach the joyous holiday season, we wanted to take a moment to extend our warmest wishes to you and express our sincere gratitude for your hard work and dedication throughout the year.

Your unwavering commitment to upholding the highest standards in building regulations and safety has not gone unnoticed. The Metro-West Building Officials Association is fortunate to have such a dedicated group of building officials who consistently demonstrate professionalism and expertise.

In reflecting on the past year, we are reminded of the challenges we have faced together and the successes we have achieved as an association.

As we embark on a new year filled with opportunities and aspirations, we are confident that your continued efforts will contribute to the ongoing success of our built community. Your commitment to excellence is truly appreciated, and we look forward to another year of collaboration and achievement.

May this holiday season bring you joy, peace, and well-deserved rest. Thank you for your outstanding service, and we eagerly anticipate the continued success of our Metro-West Building Officials Association in the coming year.
