This month's presentation's

Manufactured Building Program

presented by

Syno Tell

*Commonwealth of Massachusetts
Division of Occupational Licensure
Office of Public Safety and Inspections
Manufactured Buildings Manager*

The BBRS adopts the rules and regulations for manufactured buildings, manufactured building components and manufactured homes contained herein as 780 CMR 110.R3

MANUFACTURED BUILDING. Any manufactured building which has concealed elements, such as electrical, mechanical, plumbing, fire protection, insulation, and other systems affecting health and safety, and which is manufactured, constructed, relocated, reconfigured, and/or assembled in accordance with 780 CMR and pertinent regulations, in manufacturing facilities, on or off the building site. Also, any manufactured building as defined above which does not have concealed elements, but which has been approved by the BBRS at the request of the manufacturer.

MANUFACTURED BUILDING COMPONENT. Any manufactured subsystem, manufactured subassembly, or other system designed for use in or as part of a structure having concealed elements such as electrical, mechanical, plumbing and fire protection systems and other systems affecting health and safety

Passive-house,

this will be most important as the new Opt-in Energy code hits the Street. His presentation addresses the Opt-in code by DOER.
